## Our Mission

Promote the education, training and placement of women throughout the state into the green jobs market.

## News

### Pipeline Coalition Finds Its Flow

April 28 was the first large gathering of the GJPW coalition members. Representatives across the state came to discuss the challenges and strategies around the promotion of women into green jobs.

Image: April 28, 2010 Coalition Gathering

The Coalition partners determined their best course of action would be to create a plan for sharing resources to help promote women into green jobs. **Become a part of this resource network by joining the Coalition.** [Learn More](#)
