

Governor's Energy Office

ALLIANCE FOR SUSTAINABLE COLORADO and Co-hosts Governor's Energy Office, City of Craig, and Yampa Valley Partners invite you to a

Regional Sustainability Roundtable

July 22, 2010, Thursday

11:30-3:00pm

Moffat County Fairgrounds, Pavilion Room
750 East 4th Street, Craig, CO 81625

Lunch provided

\$10 donation requested

You are invited to attend this roundtable to:

- Identify what's working in the community;
- Receive an overview of local and statewide sustainability efforts (plans or programs already on the ground and working to benefit the economy, society, and the environment over the long term);
- Review local problems in need of long-term attention;
- Identify promising community development and sustainability practices that can solve those problems;
- Make contacts and build relationships to foster regional and statewide networks.

In preparation for the Roundtable, we urge all invitees to take a **brief survey** to gain as much information about sustainability issues specific to your region.

Go to <https://spreadsheets.google.com/viewform?formkey=dGtTTHJFYjd3OTdPMmc1QUZwcVAwOUE6M0> and when you have completed the survey, click the "Submit" button at the bottom of the page.

Please consider filling out the survey even if you cannot attend the meeting, to help us understand the important community issues facing your area.

To RSVP for the Roundtable, go [here](#) (Registration free)

Please forward this invitation to anyone who should attend this meeting!

About the Regional Sustainability Roundtable Meetings

The Alliance for Sustainable Colorado is conducting a series of eight Roundtables around Colorado in 2010 to bring together local leaders across all sectors to share challenges and solutions to achieving long-term economic, social and environmental sustainability.

Information and ideas shared at these meetings will be made available to all participants, and will be compiled in a statewide report to be presented to government agencies, elected officials, non-profit organizations, business associations and university classes.
